To whom it may concern:

This is to certify that RGB under the direction of Mr. Brian Richards completed emergency repairs to Irish Ferries Vessel MV Oscar Wilde after she suffered a generator room fire.

During all this repair period I found RGB and staff to be highly professional and honest and completed their work in a very co-ordinated and efficient manner. They promoted good working practices amongst their own staff and interacted with ships staff in a very professional and effective manner.

I would not hesitate in using or recommending them for future projects of this nature.

Ray Carroll
Ship Manager
Dobson Fleet Management
On behalf of
Irish Ferries.
